

Spiritual and Metaphysical Aspects of the Near-Death Experience

The scriptures of the world's major religions all state that God is within us. The initial experience of religious mystics as they engage in their practices to realize God within is identical to the near-death experience; and the actual experience of God-realization is the same for all practitioners regardless of affiliation or the methods used.

- Religion: Exoteric vs Esoteric
- What/Who are religious mystics?
- Their teachings
- Their practices
- God as consciousness
- Soul vs. ego
- God as the absolute vs. relativity of creation
- Why/how to go within
- A different dimension and body
- Proof of the legitimacy of the near-death experience
- Scientific corroboration

Albert Einstein: Science without religion is lame, religion without science is blind.
